## OXIDANT CREAM 10-20-30-40

The oxidant creams are formulated in the way to develop fast a creamy and homogeneous mixture with the coloring creams.

**Capacity:** 120, 250, 500 and 1000 ml.

## TONALISATOR

The tonalisator is used in association with the tone on tone coloring products.

**Capacity:** 1000 ml.

## HYDROGEN PEROXYDE 20-30-40 VOL

The hydrogen peroxyde is used in association with the bleaching and coloring products whatever the brand.

**Capacity:** 1000 ml.

## BLUE BLEACHING POWDER COIFFANCE

The blue powder allows to bleach the hair from 1 to 7 tones according to the oxidant used and the techniques (Streaks and Fresh air streaks, Wrapped streaks, entire head bleaching). It's used in 1+1 or 1+2 according to the desired bleaching.

Its formulation is at the forefront of the technology.

The blue powder contains an optical azuring agent that allows a stronger unyellowing action.

**Capacity:** 500 gr (17, 65 oz) pot..

## STAIN REMOVER

Specific formulation to repair the little mishaps likely to occur during the coloration. Can be used on the skin and on the clothes.

**Capacity:** 120 ml – 500 ml

## BLEACHING OIL

The oil lightens a natural color from 1 to 3 tones according to the oxidant used. It's equally used to break a natural base, in streaks or sunburn streak.

This product is **ONLY RESERVED TO THE PROFESSIONALS** and **CONTAINS AMMONIA (2, 34 %)**. Very irritating product for the eyes. In case of contact with the eyes, wash immediately and abundantly with water and consult a specialist.

The plus COIFFANCE PROFESSIONNEL: : This hair-lightening oil allows to use it in an American shampoo (1/3 of Bleaching oil, 1/3 of After-coloring shampoo, 1/3 of Oxidant 10 Vol)

# THE PERMS AND THE NEUTRALIZERS

## VITA V 0-1 -2-3 PERM

### Action:

VITA V makes your curls dynamic, the hair is soft and shiny. Enriched with Panthenol and with substantive vegetal peptides, it preserves the quality of the hair.

### N° 0 Difficult hair

**Capacity:** 1000 ml and 120 ml

### N° 1 Natural hair

**Capacity:** 1000 ml and 120 ml

### N° 2 Colored hair

**Capacity:** 1000 ml and 120 ml

### N° 3 Very sensitized hair

**Capacity:** 120 ml

## AUTO ACTIVE PERM 1-2-3 (WITHOUT AMMONIA)

### Action:

AUTO ACTIVE gives dynamic curls, a shiny hair. This perm without free ammonia gives the softness of an acid perm and the hold of an alkaline perm.

**Capacity:** 120 ml

## VITA V (1+1) NEUTRALIZER to dilute

VITA V is a concentrated universal neutralizer with treating action that allows to neutralize and to fix the disulfide bridges of the keratin for the creation of dynamic curls. During the dilution (100ml hot water + 100 ml VITA V), it is advisable to put the warm water just before the application to improve the client's comfort.

**Capacity:** 1000 ml

## AUTO ACTIVE NEUTRALIZER

AUTO ACTIVE NEUTRALIZER (Ready to use) allows to restore the disulfide bridges of the keratinic fiber to obtain dynamic curls. It leaves a soft hair thanks to its conditioning action on the hair fiber.

**Capacity:** 120 ml et 1000 ml

## CYST'AIME NEUTRALIZER

CYST'AIME NEUTRALIZER (Ready to use) is without hydrogen peroxyde. It allows a softer neutralization and fixes the disulfide bridges of the keratin to optimize the hold of the curls. It leaves a soft hair thanks to its conditioning action on the hair fiber.

**Capacity:** 1000 ml

## CONCENTRATED SHAMPOO BITTER ALMOND

**Action :** This concentrated shampoo cleans the hair in depth, it removes all the residues and prepares the hair to receive a hair care.

*The plus COIFFANCE PROFESSIONNEL:*  
The formulation of the shampoo is specifically studied not to interfere with the treatments or hair cares made after the cleaning process.

**Capacity:** 1000 ml et 5000 ml

## CONCENTRATED SHAMPOO HONEYSUCKLE - COCONUT – SUMMER PERFUME

**Action :** This concentrated shampoo cleans the Hair in depth, it removes all the residues and prepares the hair to receive a hair care. The formulation of shampoo is specifically studied not to interfere with the treatments or hair cares made after the cleaning process.

**Capacity:** 5000 ml

# THE TECHNICAL SHAMPOOS

## AFTER COLORING SHAMPOO

The After coloring shampoo is used after an oxidation coloration to eliminate the residues of alkaline products and fix the color.

The color is stabilized, the hair is blooming with brilliance.

The hair fiber is moisturized thanks to the provitamin B5.

**Capacity:** 1000 ml et 5000 ml

### SET (MEP)

**Action :** The MEP lotion allows to create temporary curly hairstyles and successful sets, thanks to the technical nature of its fixing resin. Without sticking, without making the hair heavy, MEP will be a masterly help in the working out of your hairstyle.

**Result:** A hairstyle that holds, curls with springiness, shiny and manageable hair.

The plus COIFFANCE PROFESSIONNEL:

MEP adapts to every hair type in the versions normal hair, dry hair and thin hair.

**Capacity:** Box of 12 15 ml's doses and in 1000 ml refill

### BRUSH Normal Hair-Dry Hair

**Action :** The BRUSH lotion allows to build curly hairstyles and to elaborate a sophisticated blow-dry.

**Result:** A successful blow-dry, a manageable hairstyle that "holds", with hold and volume.

The plus COIFFANCE PROFESSIONNEL:

BRUSH adapts to every hair type in the versions normal hair and dry hair.

**Capacity:** Box of 12 15 ml's doses

### DEMELOR

**Action :** When the hair is too damaged to be untangled, It's the instantaneous solution par excellence.

Active, the solution heats up and forms a gel since the contact with the dry hair.

**Result:** The hair scales are instantaneously smoothed down, the hair is soft, shiny and full of volume.

**Capacity:** Box of 12 15 ml's doses

## CONTOUR CARE

**Action :** Protects the forehead, the nape of the client during the application of an oxidation coloration.

**Protective use:** With the help of a soaked piece of absorbent cotton, apply the product to the forehead, the temples, the nape of the client. Carry out the coloration. At the end of the technical phase, remove the product with the help of a piece of absorbent cotton.

**Capacity:** Box of 12 10 ml's doses

## AC LOTION

**Action :** Reactivates the sanguine microcirculation around the hair bulb and boots the cell metabolism bringing the indispensable elements for the renewal of the hair with a specific mucopolysaccharide vasodilator and mineral salts associated to amino acids and vitamins B2 and pro B5.

**Result:** The hair bulb is better oxygenated, the mineral salts and the essential amino acids favor a better development of the hair.

**Capacity:** Box of 12 10

## H.TONIC

**Action :** This protective and restructuring universal lotion without alcohol is associated to the technical operations of perm and coloration. Plants-based, it relieves equally the itching that may sometimes occur.

**Result:** a non inflamed scalp, a restructured and moisturized hair.

**Capacity:** Box of 12 10 ml's doses

## STOPPING HAIR LOSS LOTION

**Action :** Specific lotion, to fight hair loss and stimulate the regrowth thanks to the action of a patented complex.

**Result:** Tested effectiveness for a better anchorage of the hair, the hair remains soft and manageable.

**Capacity:** Box of 12 10 ml's doses
